Re: AES Placerita, facility ID 42676

Dear Mr. Rios:

The South Coast Air Quality Management District (AQMD) has received and reviewed applications from AES Placerita for a minor permit revision to its Title V permit. The proposed permit revision would designate the two gas turbines as non-operational major sources. The following is a detailed description.

Application #	Device #	Section #	Proposed Actions
479102	D6	D	Non-operational major source
479103	D7	D	Non-operational major source
479104			Title V facility permit revision

A copy of our engineering analysis and the proposed revision to the existing Title V permit are enclosed for the 45-day EPA review. If you have any questions or wish to provide comments regarding this project, please call Mr. Li Chen (909) 396-2426 or Mr. John Yee (909) 396-2531.

Very truly yours,

Michael D. Mills
